

The PLAYERSNEXT Foundation for Kids, Inc.

a 501(c)3 non-profit

Developing Our Next Generation Through Sports

PLAYERSNEXT™

The Opportunity

Kids that play sports and remain physically active are...

60% - *More likely to live a healthy lifestyle as adults.*

40% - *More likely to graduate from high school.*

35% - *Higher GPA and test scores.*

25% - *More likely to go to college.*

The Problem

Over the past 25 years, youth sports has experienced unprecedented growth.

During this time, the cost and complexity of youth sports, as well as budget cuts to school and community athletics, have made this valuable experience ***unviable for many families.***

Furthermore, in the current ***pay for play*** era, the once core attributes of fun, fitness and teamwork have been replaced by pressure, specialization, individualism and unrealistic goals.

These trends have left families chasing fragmented and expensive solutions, and created a significant demand for expert ***information, guidance and support.***

Our Solution

***In partnership with leading universities,
The PLAYERSNEXT Foundation will deliver
innovative athletic and life skills programming,
together with critical financial support
to local schools, programs and teams.***

***As part of this strategy,
PLAYERSNEXT will prioritize underserved
segments and communities, to help inspire and
empower all kids to reach for their dreams.***

Our Values

INSPIRE

EMPOWER

SUPPORT

Inspire

- ***Local, accessible & fun!***
- Deliver innovative athletic, life skills and leadership programming.
- Facilitate in-person and virtual athletic experiences with university partners.
- Engage college student-athletes as volunteers, interns, mentors and guest speakers.
- Foster opportunity, ambition and community spirit from elementary through high school.

Empower

- ***Develop the Total Student Athlete!***
- Mentoring programs connecting current and former athletes with today's student-athletes.
- Provide free access to developmental technology and media resources.
- Educational and career experiences that leverage community leaders.
- Merit and need based grants/scholarships.

Support

- ***Generate sustainable community resources!***
- Develop inspirational events that enhance the youth sports experience.
- Improve access and opportunity for girls and underserved demographics.
- Provide direct grants and programming to schools, community programs and local teams.
- Promote activities that integrate youth sports, the community and career development.

Strategy

Local, Innovative, Scalable

The PLAYERSNEXT Foundation is a 501(c)3 corporation.

The organization will receive annual funding from PLAYERSNEXT, Inc., a sports marketing, media and technology venture, as well as corporate partners, college and professional sports organizations, institutional grants and major gifts from individual benefactors.

In turn, The *PLAYERSNEXT* Foundation will provide direct grants, resources, subscriptions, scholarships and internships to schools and youth based organizations that align with mission and core values.

The *PLAYERSNEXT* Foundation will scale and deliver these resources through local schools, programs and youth-based charities. This inclusive partnering model will provide the organization with unique local knowledge critical to fulfilling our mission.

Each state will launch with a founding major university partner, focusing on community engagement and providing support in their surrounding region. Over the ensuing years, local chapters with nearby university partners will extend across the each state.

These qualitative and supplemental resources are designed to inspire, empower and support student-athletes, parents and coaches, while eliminating the cultural, financial and logistical barriers to these valuable growth opportunities.
